

# NT PORT and MARINE East Arm Supply Base

NT PORT and MARINE is a licensed and registered ship management provider, based in Darwin, Australia. We offer logistics and marine transportation support services to the oil and gas industry.

## East Arm Supply Base

The East Arm Supply Base, located at East Arm in the Northern Territory, was established in 2011 as a roll-on / roll-off marine loading and wharf facility with a four hectare laydown yard. The base is ideally located and equipped to expand upon its current usage, to service offshore oil and gas operations and provide logistical services to the construction and mining industries.

The facility serves as the mainland link to Port Melville and includes:

### Wharf Capabilities

- Newly built 53m wide x 85m deep steel sheet pile slipway
- Maximum water depth of up to six metres
- Heavy load facilities of up to 200mt
- Roll-on / roll-off and lift-on / lift-off operations
- Partially sealed yard

### Berth

- 120m x 54m
- Berth space for up to four vessels
- Steel sheet pile slipway
- LCT ramp capable of SIMOPS

### Laydown Area

- Approximately four hectares of laydown area
- Undercover storage and workshop space of 2,500m<sup>2</sup>
- Office space
- Tubular storage facilities
- Fabrication and repair shop capabilities
- Secured storage facilities.
